

Global Child Forum

A HEART FOR CHILDREN.

A HEAD FOR BUSINESS.

Global Child Forum, a Swedish non-profit foundation established in 2009 by HM the King and HM the Queen of Sweden, is dedicated to ensuring the full respect and support of children's rights across all sectors of society. Our commitment is grounded in the principles outlined by the United Nations (UN) Convention on the Rights of the Child and the Children's Rights and Business Principles.

Strategic Priorities

ENGAGING KEY STAKEHOLDERS

As immediate threats to children's rights continue to rise, activating stakeholders is a priority. Distinguishing us globally, we are the only entity that scores companies annually based on their impact on children. Our unique approach emphasises accountability and transparency, reinforcing our dedication to making a lasting positive impact on the lives of children worldwide.

SUPPORTING & EDUCATING

Through our events, such as our global forums and webinars; our services, such as the Scorecard Feedback sessions; and our digital tools, such as our online self-assessment tools, Global Child Forum supports companies and promotes recommendations for integrating a children's rights approach in their operations and communities.

BENCHMARKING

Global Child Forum's dataset assesses the impact of 32 industries on children's rights across the "Workplace", "Governance & Collaboration", "Marketplace" & "Community and Environment". To further aid investors, Global Child Forum has developed The Children's Rights Industry Risk Tool, an invaluable resource providing a holistic overview of children's rights risks associated with each industry.

RAISING AWARENESS

We champion a global understanding of how businesses impact children and vice versa. Encouraging companies to assess and communicate their children's rights risks and opportunities, we emphasise the essential integration of children's rights into business practices, fostering responsible corporate citizenship.

Investment Tools

INDUSTRY RISKS

Global Child Forum has developed The Children's Rights Industry Risk Tool, a tool offering an overview of the children's rights risks that investors need to consider for each industry.

SECTOR RISKS

Global Child Forum dataset assesses the impact of 32 different industries on children's rights across the "Workplace", "Governance & Collaboration", "Marketplace" & "Community and Environment".

BENCHMARK DATA

Global Child Forum helps investors to make better investment decisions by scoring over 3,000 of the world's largest companies on how they address children's rights.
